

## **Carpentry and Joinery (ST0264) Level 2 Apprenticeship**

This occupation is found in both the new build and refurbishment construction sector. The construction industry is central to creating the homes, schools, hospitals, energy and transport infrastructure society needs. There is growing demand for carpenters and joiners to help meet the need for new homes.

### **Expected course duration**

27 months

### **College attendance**

Bedford – Block release 2 weeks  
Wellingborough and Corby Day-Monday

### **College Day Release intakes**

#### **September and October**

However, you will be able to start the work based learning element at any time throughout the year.

### **When can the apprentice start employment?**

When offered job role and start date agreed with employer.

### **When can the apprenticeship training start?**

As soon as Apprentice starts employment. Arrangements will be made to start apprenticeship and college delivery.

### **Course Content**

- Health, safety and welfare in construction and associated industries
- Knowledge of construction technology
- Prepare and use carpentry and joinery portable power tools
- Understanding information, quantities and communication with others
- Set up and operate cutting and shaping machinery
- Produce setting out details for routine joinery products
- Mark out from setting out details for routine joinery products
- Manufacture routine joinery products

## Entry requirements

### English & Maths

Apprentices without level 2 English and maths will need to achieve this level prior to taking the End-Point Assessment. For those with an education, health and care plan or a legacy statement, the apprenticeship's English and maths minimum requirement is Entry Level 3. A British Sign Language (BSL) qualification is an alternative to the English qualification for those whose primary language is BSL.

## What training is required in the workplace?

- Learning a variety of skills to enable the apprentice to be able to develop and complete their Apprenticeship and EPA
- 20% off the job training
- College attendance
- Regular 10/12/week Meetings with Training Coordinator and Apprentice to discuss progress and set SMART targets throughout apprenticeships
