

Transport and Warehouse Operations Supervisor - Logistics (ST0647) Level 3 Apprenticeship

The Transport & Warehouse Operations Supervisor Apprenticeship prepares learners to manage and supervise daily operations in transport, logistics, and warehousing. Apprentices develop the skills to lead teams, ensure safe and efficient processes, and maintain high standards of customer service.

Benefits for learners:

- Gain leadership and team management skills
- Learn to plan, organise, and oversee transport and warehouse operations
- Develop knowledge of health & safety, compliance, and logistics processes
- Enhance problem-solving, communication, and decision-making abilities
- Improve career prospects with recognised qualifications and supervisory experience
- Opportunity to progress into higher management roles in logistics, distribution, or transport

Expected course duration

15 Months.

College attendance

Workshops quarterly.

Course content

Areas covered include:

- **Knowledge** – Understand transport, warehouse, and logistics operations, plus health & safety and compliance, to work confidently and efficiently
- **Skills** – Lead teams, organise workloads, solve problems, and communicate effectively, making you a capable and trusted supervisor
- **Behaviours** – Demonstrate professionalism, accountability, adaptability, and leadership, helping you progress in your career.
