	It also becoming increasingly popular to wear these style gloves. They can be washed and re-used. 2 x pairs are advisable. Alternatively, a box of Nitrile gloves which are single use only and usually come in box's of 100. Note – When required gloves will be supplied but can be worn for all activities if you have your own. They will help to keep your skin in good condition. Barrier cream is supplied and can be used when in the workspaces (This will be explained during induction)

Purchasing - In order to purchase either the mandatory items or optional items it is advisable to visit the Worksafe shop located near Tesco in Corby.

Alternatively –

To order your work wear online we have put together the following guidance (this guidance is specific to Motor Vehicle Course at both Wellingborough & Corby).

- 1) Go to www.delivermyuniform.com or download our app with the same name.
- 2) In the 'Register' Column – type in your name, email address, group code and click 'submit'. To confirm, the 'Group' code for the Engineering course is **TRE05**
- 3) An automatic email will be then be sent out once you are registered from our web system – This will include login details that you will be able to use and log in with access to the uniform ordering portal.

It's that simple really – you will be able to order the garments required from this and select whether they want delivery or collection – Free delivery will be in place if each required item is purchased via the site. You should be able to find size guides etc when you click in to the product details.

Final note - Worksafe will offer some discount for purchasing all items from them but savings can be made on trousers and footwear.

If you have any questions, please don't hesitate to contact the college.

Many thanks
